

List of teams is displayed. User will select a team.

- Ravens
- Redskins
- Patriots
- Packers
- Giants
- Etc.

A team has been selected, the program will give the option to view all players on the team, or players for specific positions.

- View all players
- Chose a position to view

If the user chooses to view all players on the team, a player list will be brought up, including their names and the positions they play.

Patriots:

- Ryan Allen, P
- Chris Baker, OG
- Branden King, DB
- Etc.

If the user chose to view a specific position as shown in slide #2, a list of positions will be brought up.

- Quarterback
- Running back
- Wide receiver
- Etc.

Once the user has selected a position, a list of all players on the team for that position will be brought up.

Patriots Quarterbacks:

- Jimmy Garoppolo
- Tom Brady
- Jacoby Brissett

When the user selects a player, his statistics (for 2016) will be shown and the user will have the option to select the player or go back.

Tom Brady

Passing

- 432 Attempts
- 291 Completions
- 67.4% Completion rate
- 3,554 yards passed
- Etc.
